Council Dismisses Chief

Byers Asks For $21,000 This Year, Police Chief Says

Police Chief Maynard Byers was dismissed by city council vote Thuesday afternoon following a hearing over the proposed city 1958-59 budget.

Byers told The Herald he asked for about $21,000 and a dispute over his new department budget led to his dismissal.

Mayor Bassel Wilson's police budget calls for $14,795 for the fiscal year starring October 1.

Wilson said Byers was relieved of his duties and given two weeks severance pay by unanimous council vote.

"The council felt that its action was in the interest of good government and in keeping with its obligation to the people as required by the city Charter," Wilson said.

Byers said he had requested an additional patrolman, a second police car and some office equipment "to give Cameron citizens the best police protection money can buy."

Byers said he had no plans for the immediate future. Councilman Linclon Mondrik was named interim administrative head of the police department until a new chief is hired.

The current proposed police budget calls for a combination chief-patrolman at $325 monthly salary, a night patrolman at $250 per mona relief night patrolman, each with provisions for 60 days pay in the fiscal year.

Also included in the budget is a $175 monthly salary for a regular night watchman, and a $2,100 monnight watchman, and a $2,100 yearly salary for a combination relief man.

Other major budget items include a $1,250 allowance for trading of the present patrol unit for a new one in the fiscal year.

Byers had served as police chief for a year and a half.

AMONG STATE OFFICERS — Leo Fuchs, Cameron poultryman, (standing fourth from left, back row) is among the new officers named recently for the Texas Poultry Improvement Association at a Dallas convention. Jack W. Martin, Stephenville, (seated front row extreme left) is the new president. The other men are new officers from around the state who were named to key positions and to the board of directors.

Council Considers City Budget Of $133,877, Sets Hearing Date

Tuesday Meetings Coincide With Police Chief Dismissal

The City Council Tuesday tentatively approved a 1958-59 city budget of $133,877 and set a public budget hearing for 7:30 p.m. Thursday, September 18.

Council consideration of the budget proposal by Mayor Bassel Wilson coincided with a discussion over the police department's budget that ended with the dismissal of Police Chief Maynard Byers, according to Byers.

The budget includes prospective income from $76,323.24 in taxes and $61,540.72 in various collections through departments of the city.

Wilson's budget earmarked $38,560 for improvements in public property including a carry over of $12,500 for curb and gutter on the US 77 project due to be let this month.

Proposed Laprovements

The budget proposed $4,660 in contingencies, $3,000 for a fire truck fund, $3,500 for a new city jail, $2,000 for recording city ordinances, $1,500 for retopping of N. Fannin and E. 12th St., $6,000 for a storm sewer from E. Sixth to E. Seventh St., $1,500 for moving highway barn and foundation, $1,000 for street signs, $1,200 for a street sweeper fund and $400 for a storm sewer from the county health unit.

Mayor Wilson noted in his budget letter to the council that the largest budget in Cameron's history for public works was granted "in the realization that our streets, parks and recreation centers and sanitation system all needed attention."

The public works budget included $28,758 for labor, general operation costs and new equipment.

The police department drew a proposed budget of $14,795, including a $1,200 allowance for a new patrol car on trade in, and a $3,900 for a combination police chief-patrolman.

Byers had asked for another patrolman and a second police unit Tuesday morning, according to Wilson.

Other major budget items were: fire department, $5,435; recreation department, $4,400, an increase of $2,600 for that department over 1957-58.

Office Expenses Cut

Office operating expenses would be slashed about $1,200 to $3,465, according to the proposed budget. And miscellaneous expenses would be cut in half to $3,164.

Wilson noted that his budget contained $10,000 overage for the budget year 1958-59, but said a large percentage of the "increase is in the budget for streets, parks and sanitation systems, all items sorely needed."

The assessed tax rate is $1.60 per $100 valuation on city property valued at $5,300,235.

The budget included a carry over from 1957-58 or $39,845.41 in the general fund at present.

Major sources of income included $7,600 in rents, $8,000 from meters, and $15,741 in bond transfers from the water and sanitation department.

Former Cameronite Dies In Auto Crash

A former Cameon woman died and two were injured in a two-auto collision about 10:15 a.m. Saturday on US north of Chilton.

Dead were Mrs. Thea Holloway, 33, Rockdale, wife of Jesse Holloway, former Cameron resident. His parents, Mr. and Mrs. J. H. Holloway, 1806 N. Fannin, own Holloway Steam Laundry.

Holloway suffered head injuries He was released from a Marlin Hospital early this week.

Driver of the other car, Mrs. Lola C. Wittner, Bellmead, received cuts on the arm and head. The LaVega elementary teacher was taken to a Waco hospital.

Mrs. Hollway's death was the first on the new stretch of US 77 from Cego to Waco. She died of her injuries about 12:30 p.m. Saturday in Marlin.

State Patrol officals said Holloway was driving north while Mrs. Wiitner's car was entering US 77 from Cego.

Funeral services were held 4:30 p.m. Monday at the First Methodist Church, Cameron, with the Rev. Greaves, Rockdale, officiating. interment was in Oak Hill Cemetery.

Survivors include her parents, Mr. and Mrs. Karl Widman and a brother, Alfred Widman, in Germany; her husband and one daughter, Tamela.

The Holloways had lived in Cameron until four years ago when they moved to Rockdale.

Mrs. Holloway was born in Germany September 10, 1924, and had lived in the U. S. for about 10 years.

The Holloways were on the way to Waco to arrange for his night classes at Baylor University when the accident occurred. He is employed at Alcoa in Rockdale.

Pallbearers were: J. A. Jones E. A. Lequire, R. E. Hord, H. B. Hurst, S. W. Marshall and A. G. Clayton, all of Rockdale.

Yoemen To Clash With Rockdale

Cameron's football Yoemen head for Rockdale and a renewal of the battle for the bell Friday.

Both teams will start the game with undefeated records. Cameron is fresh from a 15-6 win over West while Rockdale felled Gidding 20-16 in the Tigers' season opener.

Rockdale will field a line averaging 175 pounds with Vernon Dymke, the Tigers defensive standout, expected to see only limited action.

The Tigers offensive spark was Jenkins at halfback last week. He scored two touchdowns and an extra point to lead scoring.

Cameron will probably start John Wayne Josey and Carroll Fikes, the offensive leaders last week in the West game. The front line will be about the same.

The team is expected to be in good shape for the 8 p.m. kickoff at Tiger Field.

Coaches Jim Speer and Murphy Webster have continued heavy workouts this week following Friday's win at West. Charles Hollas, who suffered a shoulder dislocation Friday, will probably be ready for the trip.

Scouts report that Rockdale is strong from tackle to tackle, but has inexperienced hands in the quarterback slot. It will be a match again of Cameron's line speed with center-line brawn of 180 pound players facing the Yoemen.

The probable starting lineups are:

Rockdale	Cameron
McBride	Zarosky
Bounds	Humplik
Stanislaw	Barrett
Freeman	Young
Dymke or Cloud	Ray Tepera
Holliman	Fontaine
Goodman	Johnny Tepera
Simpson	Kirk
Barrett	Mraz or Fikes
Scurlock	Terry
Jenkins	Josey or Leirman

By Frank M. Luecke

WHERE'S GEORGE? Along with the extinct carrier pigeon, the first Americans — Indians — and the once familiar milkman, another guy is disappearing into the folklore of Americana. His name is George.

George is a mythical fellow who once took over when nobody else wanted to do a job. Remember when you used to say: "Let George do it!"

Americans have outgrown the individualistic subject of that familiar adage. It seems we have grown up crying "Uncle".

And sure enough, Old Uncle Sam is around to bale us out.

That old cliche about letting George do it represented a belief in the individual. When the group did not want to undertake something, they cried George and some fellow fell to the task.

99—99—99

Now when the group cannot or will not cope with a problem, the cry goes out for a bigger group to take over, duely represented by Uncle Sam, Uncle Sugar or whatever name you give U. S. government.

Apparently we are forgetting about George. And we are turning away from the nation's most creative element. That element is the individual with ingenuity.

WE RE BUGGED; MAN! In the slanguage of the teenage bopsteer, "we're bugged." We all want to look alike, dress alike, live in similar houses and fit. The psychiatrists say conform, seek the happy norm. They don't say, limit or destroy the individual. They only suggest.

Perhaps old George was maladjusted, but he and his kin built a whale of a lot of country out of ingenuity and competition. And if George isn't finding new horizons to tame, it's because we have dressed him in a grey flannel suit.

I guess George is still around somewhere. But he is so busy calling other names that he can't hear his own being paged.

99—99—99

STREET TALKING — A conversation along the courthouse last week more or less precipitated the whimsey above. The brightest clam in the chowder was the man who said that you can't have security and prosperity too.

It takes risk without security to make the wheels turn in the U. S., he said in so many words. Security, whether financial,, social or psychological, lasts only as long as the initiative it's built on.

99—99—99

FILCHED — The give - away and quiz madness so rampant on TV was aptly summarized in a cartoon we noted the other day.

The panel showed the father surrounded by his family about to reach into a goldfish bowl of monthly bills. He was saying: "And now, ladies and gentlemen, we shall see who will be the lucky winner this month!"

100 4-H'ers See Hog Show Here; 10 Win Prizes

Approximately 100 people attended the 4-H Club Swine show Saturday at the Cameron Livestock Auction barns.

T. D. Tanksley, extension animal husbandman from Texas A&M College gave a talk on selecting breeding hogs on the farm. Colored slides were used to illustrate points emphasized.

Tanksley judged the show and the placings were as follows: Sears Gilts, 1st, Jerry Schoener, Thorndale; 2nd, Reed Davis, Sharp; 3rd, Henry Abel, Jr., Sharp; 4th, Don Glaser, Buckholts; 5th, Bill Foshea, Burlington; 6th, Joe Paul Mueck, Cameron; 7th Wayland Dorner, Burlington; and 8th, Billy Biar, Thorndale.

In the Farm Bureau sponsored class, Henry Richter, chairman of the Farm Bureau swine committee, presented a blue ribbon to Benard Kostroun, Marak, for his gilt and a Red ribbon to Donald Swanzy, Burlington, for his gilt. Joy Schoener and Henriette Richter will show the first place gilt and boar at the district show at the fairgrounds in Waco at 10 a.m., September 13.

Other swine exhibited at the local show were shown by Mr. W. J. Cargill & Sons of Davilla and the Johnnie Richter family of Cameron.

YHS Boosting Science Program With New Books

Science will be emphasized, underscored and pointed up during the current year at Yoe High School.

Principal J. R. Young's application for participation in the Traveling High School Science Library Program has been accepted by the American Association for the Advancement of Science, and 200 evaluated, "best selled" books in the sceinces and mathematics will circulate to the school library from Washington, D. C.

All branches of science will be covered and the reading level will range from books the brilliant junior-high student will find interesting to some that will give the outstanding high school senior a taste of advanced work.

The collection lists for more than $1,000, Principal Young said.

The idea for this experimental program, aimed at interesting more students in scientific and technical careers, originated with the National Science Foundation, an agency of the Federal Government established in 1950 "to promote the progress of science . . ." The AAAS was requested to administer the program.

The program he expanded since 1955 until during 1958-59 the library will go to about 1,400 schools in every State in the Union, Hawaii, Alaska, The Canal Zone, Puerto Rico, the Americana Community Schools of Paris (France), and to U. S. Army dependents' schools in France, Germany, Italy and Okinawa.

Milam Delegates See Convention End With Bang

Milam County delegates to the Texas Democratic Convention Tuesday joined in the howl that ended the San Antonio meeting.

John M. Weed, Sr., of Rockdale, acting Milam delegation chairman to the convention, said that Gov. Price Daniel s conservative forces rejected Dr. Chloe Armstrong, Baylor University faculty member who was named one of the senatorial convention representatives from the Bell-Milam-McLennen district.

In her stead Mrs. Sam Wood, Killeen, a senatorial delegate last year, was retained by the convenyear, was retained by the convention committee accepting Democratic Executive Committee credentials.

A wire story release also noted that a San Antonio liberal Democrat was unseated when John Peace was named to the Bexar County Post. Bernard Lifschultz was the delegate replaced by Peace.

This senatorial district ended up with Mrs. Woods' retention and the appointment of Harry Blanding, Temple, to the State Democratic Executive Committee.

Dr. Armstrong was apparently turned down, Weed said, because she had not supported Daniel's candidacy.

He said the liberals staged a closing demonstration that kept del egates from knowing that the convention had been formally concluded by the chairman.

Delegates to the San Antonio convention from Milam County were: Ronnie Romine, Charles Tate, Joe Carr, Collier Pearson and Weed, all of Rockdale; E. J. Kuzel, Buckholts; and Charles Hensley, Maysfield.

1st Christian Church Will Hold Revival

The First Christian Church of Cameron will hold revival services October 5 through 12, according to the Rev. Walter Grmies, pastor.

Featured speaker for the series of services will be the Rev. Maurice Groves, former pastor. Rev. Groves is now state secretary for the Disciples of Christ in Mississippie Rev. Grimes also announced that Max McClaren would be song leader.

Visitation dates in preparation for the revival have been announced for September 18 and 25.

300 Attend P-T A's School Open House

About 300 parents and teachers attended the second annual open house Thursday for the school administration and teachers sponsered by the Cameron Parent-Teachers Association.

Mrs. Elmer O. Smith, president of the Cameron P-TA welcomed the group and introduced Supt. Wiley Loughmiller and the 1958-59 P-TA officers.

Supt. Loughmiller stressed the importance of the year s program working for "Stepping Stones to Maturity."

The Yoe High School band, under the direction of Francis Cox, provided music for the program. The open house was held at the YHS tennis courts.

Introduced was the Cameron school board: President, H.B. Pressley, Sec., Max Howard, Mrs. Lucille Monroe, W. F. Vogelsang, Dr. David Shapiro, Dr. Gus Evans, Jr. and Don G. Humble.

Mrs. E. J. Davis read the P-TA prayer while Mrs. Anita Crockett led the audience in singing the "Star Spangled Banner."

YHS Principal J. R. Young and Elementary Principal Leon Brady introduced the faculty of the Cameron school system.

Officers of the Cameron P-TA are: first vice-president, Mrs. Jack Dubois; second vice-president, Mrs. A. E. Pearson; recording secretary, Mrs. W. C. Wallace; corresponding secretary, Mrs. Louis McKee; treasurer, Mrs. O. G. Chamberlain; historian, Mrs. Anita Schoffield; parliamentarian, Mrs. Bob Foster; publicity chairman, Mrs. W. A. L. Robinson; social chairman, Mrs. Emory B. Camp; membership chairman, Mrs. Charlie Maddox; and chairman of standing committees, Mrs. Murphy Webster.

Quarterbacks See West-Cameron Film

The Cameron Quarterback Club reviewed films of the West-Cameron game Monday night and heard a talk on football rule changes by Robert Nelson.

Coaches Jim Speer and Murphy Webster discussed progress of training and development of team members for the remainder of the season. The meeting was at the YHS Agriculture Bldg.

Scout Billy Michalka outlined high points of the Rockdale-Giddings game won by Rockdale 20-14 Friday night.

President Charlie Burke extended an invitation to all Cameron football boosters to join with Quarterback Club Monday night to see the Cameron-Rockdale film.

In Elm Creek Basin

'Shed Voters To Consider Tax

Milam County voters in the Elm Creek Watershed September 20 will join in voting for or against a $6,000 maintenance tax for the proposed upstream control project.

The watershed extends from its heading at Moody in a 7.5-mile width southeast to the juncture of Little River and Elm Creek.

Officials noted that the maintenance tax must be approved before the government will construct the estimated 30 control structures in the watershed. The fund of a $200 for each proposed dam must be set up before construction begins, soil conservation officials said.

The proposed assessment for the fund is 10 cents per $100 county valuation.

Watershed directors called for the election to clear the way for dam construction.

In Four Counties

The Elm Creek Watershed extends into four counties, Bell, Falls, Milam and McLennan, including about 192,000 acres of land.

Total construction costs have been estimated at $3,120,000 with benefits derived at about $220,000 per year.

SCS officials say that annual flood damage in the watershed acreage now approaches a half million dollars annually.

Officials said that about 12,000 people are eligible to vote in the watershed.

Main Tributaries

Principal tributaries in the watershed are North Elm, Little Elm, South Elm and Cramp Creeks. Communities benefiting from development of the dam control project are Rogers, Meeks, Burlington, Yarrelton, Marak, Pettibone, Seaton, Zabcikville, Troy and others outside the county.

The watershed authority was granted in a Texas legislative bill in May, 1957, The blil provides for a maintenance fund from taxation "approved by a majority of resident qualified property taxpaying voters participating in an election for that purpose."

SCS officials said election centers would be announced next week.

Tickets Go On Sale

Jaycees Boom Bellville Train

The Cameron Jaycees put their No. 1 project, the Bellville football train, on the road this week as tickets went on sale in two downtown locations.

President Bill Crockett called for two ticket sales centers in down town Cameron and drew up final plans prior to the trail drive. Tickets are available at Caperton's 5 & 10 store and Childress Insurance Agency.

Dr. George Bowman, chairman of the train arrangements committee, said tha ttickets will be $2.50 for adults and $1.50 for children 6 through 11 years of age. Children under 6 are admitted free passage.

Ticket chairman Narvie Caperton announced plans to start ticket sales immediately in the two ticket centers. He said that each member of he Junior Chamber of Commerce has tickets for sale.

700 Went in 1957

Last fall, the Jaycee special train took 700 boosters to Brenham. The Bellville special will follow the same route this year, Crockett said.

Traintime will be 5:30 p.m. Friday, October 10, Bowman said. The train left at about 5:45 last year, but the longer distance required a longer riding time.

Cameron school officials already have granted permission for the 100-piece YHS band to ride the special train. A baggage car for band instruments will be provided, Crockett said.

Other arrangements include buses waiting at the Bellville depot to pick up fans and take them directly to the Bellville stadium.

Placards and banners will go up in Cameron during the next few days to remind Cameron grid fans that the Bellville train is being organized, Crockett continues.

Henry schattle will head the train committee and all arrangements.

Rail officials from the Santa Fe Railroad were in Cameron last week to draw up final plans with the Jaycee train committee. Plans now call for eight to ten passenger cars and a baggage car, providing for seating for about 800 people.

The whole city of Cameron is expected to board the train for Bellville, which had a quarter finalist team in AA football last year.

Other plans include a football rally the night prior to the Bellville game. Last year, approximately 1,000 students, fans and onllokers rallied on Lawless Green following a downtown pep parade with the band, official cars and floats.

Weather Notes

Cameron area weather forecast is for widely scattered showers clearing over the weekend. Little temperature change is predicted.

YOU CAN BE SURE OF "FULL MEASURE" EVERY MONTH

In Grandmother's day, it was always the custom to watch carefully the measurement of every purchase . . . first-hand and close-up. Today, we depend on the weight or other measurement on the package as required by law.

Your use of electric service is measured by your electric meter. It assures you "full measure" every month.

Many people do not realize how many different jobs electricity does for them . . . all over the house . . . lighting, cooking, refrigeration, air-conditioning, radio, television, washing, drying, ironing, toasting, coffee-making, cleaning . . . and many other things to make your life more enjoyable.

Your electric service bill represents "full measure" . . . and, remember, the more electricity you use the cheaper it becomes. And important, too, is the fact that while living costs have risen 108% since 1936 the average cost of TP&L residential electricity today is 43% *less* per kilowatt-hour. Indeed, today you are getting "full measure" from your electric company.

Electricity is the biggest bargain in your family budget. Example: YOU CAN COOK ELECTRICALLY FOR ONLY $1.50 TO $2.25* A MONTH
*Average — for family of four

By Mrs. A. T. Swanzy
Rosebud VO9-2351

The Ben Arnold Community Club will hold its fall meeting this Thurs day night at the school building. Due to the meeting of the Club the boys scouts will postpone their meeting until Friday at the school.

Cotton picking, corn pulling and maize combining are in full swing although they have been slowed down somewhat with the showers.

Member of the Ben Arnold Baptist Church presented Mrs. Glenda Dusek with a place setting of stainless steel as a graduation gift. She graduated from Howard Payne College in Brownwood last month.

Rev. and Mrs. Dusek have moved to Sharp where Mrs. Dusek will teach the fifth and sixth grade classes. Rev. Dusek will atend classes at Mary Harden Baylor in Belton.

Paul Swanzy of Austin is spending a few days with his parents, Mr. and Mrs. L. A. Swanzy, before returning to classes at Texas University.

Mr. and Mrs. Robert Lee Schultze and Brenda of Temple visited relatives here Sunday.

Mrs. Leon Noack and Nan and Mrs. Noack of Rockdale visited Mrs. M. O. Swanzy Friday afternoon.

Will Strickler, Robert Lee Boyls and daughter, Gloria, of Cameron; Mr. and Mrs. Edmund Strickler and son Leonard of Austin visited in the home of Mr. and Mrs. Walter Strickler last week.

Sunday noon guests of Mr. and Mrs. Sonny Dorner and family were Rev. and Mrs. Thomas Dusek, Mr. and Mrs. Robert Lee Schultze and Brenda, and Mr. and Mrs. Sonny Swanzy and family.

Butter-Baked Chicken AND Gravy

BUTTER-BAKED CHICKEN AND GRAVY

1 cut-up frying chicken (about 3 lbs.)
1¼ cups PET Evaporated MILK
1 cup flour
1½ teaspoons salt
½ teaspoon pepper
¼ cup butter or margarine
1 can cream of chicken soup
¼ cup water

Dip pieces of chicken into ½ cup of the milk, then roll them in a mixture of flour, salt and pepper. Melt butter in a 13 x 9 x 2-in. pan in a 425 (very hot) oven. Put chicken into pan, skin side down. Bake, uncovered, near center of oven for 30 min. Turn chicken and pour around pieces a mixture of soup, ¾ cup of the milk and the water. Bake 30 min. longer, or until drumstick is tender when pierced with fork. Remove chicken pieces to hot platter. Stir gravy well and serve with chicken. Makes 4 servings.

Unity For The Grid Train . . .

Talk about unity and you soon have it.

It was city-wide co-operation last September that launched the Cameron Junior Chamber of Commerce football train to Brenham on a successful trip.

About 700 Yoeman boosters followed their team to Brenham on the Brenham Special.

The program was sponsored by the Jaycees, but it was the general co-operation of many Cameron organizations that made it click.

We recall that the city schools, the Chamber of Commerce, the City of Cameron, the Cameron Quarterback Club and Cameron in general gave enthusiastic support to the idea.

The Jaycees once again are planning a football train, this year to Bellville, south of Brenham about 25 miles.

Last year's success on the project should mean equal if not greater support for the Bellville train this October.

There is a moral to the story. The project was successful beyond even some Jaycees' hopes because Cameron was wholeheartedly for it. And that meant success for Santa Pals, the Jaycees Christmas gift program.

Things football generate strong interest in Cameron. Other community projects can and will be just as successful every time we adapt enthusiasm to their development.

We invite Cameron to continue its enthusiasm in support of YHS's grid team. It is not so much that we get excited about a winning football team. It is important that we are keenly interested in our football team as representatives of our school and town.

And by the same token, it is important that we be excited about things in Cameron . . . keen interest in development and growth of Cameron. After all, it's people that make things happen, not just chance.

The Junior Chamber, like many other Cameron organizations, is making things happen with plans for another football train. Plan now to catch that train for Bellville October 10.

THE LITTLE RIVER PHILOSOPHER

Sage Tries Thinking Of World Wide Responsibilities But Fails

Dear editar:

I have no idea how it got here, it s hard to explain, like how some men got to Congress or how some women got married, but yesterday morning I was out here on my farm walking around not doing anything when I found a copy of a newspaper caught on a fence post and when I worked my way over to it and opened it up I discovered it was a copy of the London Daily Telegraph.

How a London paper got out here on this Little River grass farm is beyond me, couldn't have fallen out of an airplane or been dropped by some tourist, but if you think too hard on some things you get no where, most newspapers aren't made to think about just to read, so I opened it up and read it, and what appealed to me was an editorial on the United States.

According to it, "the internal stability of the United States is of paramount concern to her allies, and the paper went on to say that the American people are not yet accustomed to thinking in terms of their world responsibilities." It argued we ought to.

Now I can go along with this British paper's concern with our internal stability, in a financial sort of way, but when it comes to thinking in terms of world responsibility, I don't see how we can swing it.

That is, after a man gets through thinking about his immediate responsibilities, then his city and county responsibilities, then hs state and federal responsibilities, he hasn t got over ten or fifteen minutes left for the rest of the world. I know when I get to thinking for example about whether I ought to grow more of this or less of that, I ought to be thinking in terms of world responsibility, but actually what I'm thinking about is which one of em can I make the most money out of and how much will that lack in meeting my family responsibilities.

In fact, I could give more attention to my world responsibilities would be glad to, if I could bring my family around to taking the same viewpoint. But the trouble with this country is that most families think they come first, whereas any world thinker knows English families ought to come first, or Egyptian families, or Indian families, or any other kind. I recognize we've gto responsibilities to other parts of the world, but just for once I'd like to find somebody in the other parts who figures he's got some responsibilities toward me.

Yours faithfully,
J. A.

Capitol Report

Legislature To Study Hale-Aikin Proposals

By Vern Sanford
Texas Press Association

AUSTIN, Tex.—How best to educate Texas children - and how to pay for it - will be a key issue in the upcoming legislative session.

Problems were spotlighted when the Hale-Aikin Committee made its first report. Included were recommendations for improvement or expansion of public education.

Several proposals reflect the concerns of the times. In an age of mounting traffic death tolls and almost universal availability of high-speed cars to teenagers, state-supported driver education was urged. In the face of widespread reports of the superiority of educational systems in other countries, the committee recommended state aid for classes for the "academically gifted.' It also proposed increasing the school year from a minimum 175 days to 180 days plus five days for teacher training.

Other proposals were to provide state support for (1) more principals, (2) assistant superintendents in large districts, (3) pre-school teaching of children unable to speak English, (4) larger allowances for maintenance, (5) replacing school buses and paying drivers (6 buses for city children living more than two miles from school, and (7) state and local guidance services.

It also suggested basing teacher-pupil ratios on current attendance rather than figures for the year before and urged the setting aside of TV channels for future educational use.'

Final decision on other recommendations was postponed until Sept. 15. These include raising the minimum pay for teachers $595 a year (from $3205 to $3800) and releasing state property taxes to allow for more local district collections

Hale-Aikin Committee is a 24-member study group of lawmakers and private citizens set up by the last legislature to study public schools and make recommendations to the 1959 session. Grass routs discussion has been going on for nearly a year in cities and counties over the state. Proposals being made now result from sifting and weighing of hundreds of ideas urged by educators and interested citizens.

Committee members are not blind to the likelihood of stiff legislative resistance to the additional money-spending called for by most of the proposals. Cost of the state minimum foundation program for the present school year is estimated at $349,416,000. H-A Committee's "enrichment" suggesions could add from $50,000,000 $150,000,000 to that figure.

Most lawmakers already are feeling financially gloomy because of a predicted $140,000,000 gap between state revenue and cost of present programs – without any kind of improvement anywhere.

One committee member suggested that, while all the proposals might not be put into effect right away, they could serve as a "pattern for years to come."

WHAT, NOT HOW—Greater emphasis on what to teach, rather than how to teach will be reflected by this year's college graduated majoring in education.

A law passed in 1955 requires future teachers, beginning with the 1959 grads, to have 40 pre cent of their credits in subjects they will teach, 40 per cent in "cultural subjects," 20 per cent in education courses.

State Board of Education called attention to this change at its September meeting.

Board also hit a lick in its unrelenting battle against all plans to dip into principal of the permanent school fund for current expenses. Its resolution warned of possible "tragic consequences."

Education Commissioner J. W. Edgar was authorized to prepare recommendations for Texas participation in the newly passed federal aid to education program. Texas would be eligible for some $9,000,000 to bolster the training of teachers, scientists, mathematicians and other kindred purposes.

PHOTO FINISH—Race for speaker of the House seems stalemated with the likelihood that the winner will not be known until all 150 members convene and vote in an all-exits-barred showdown.

Both Rep. Joe Burkett of Kerrville and incumbent Speaker Waggoner Carr of Lubbock claim a majority. But each says he does not have permission from the signers to show all his pledge cards

There are rumors that several House members, wanting to be agreeable pledged support to both candidates, never dreaming that the contest would be so close as to bring a "judgment day."

If and when the two candidates sit down together and compare notes there may be a number of representatives with red faces. Some speaker candidates have done just that, in the past. Then they jointly telephoned the repretatives whose pledges were "in question' ..... to settle the matter then and there.

Autographs Today . . .

But what will it be tomorrow. Will he go to college or gain the necessary training to take his place in a field equal to his ability!

Carol Ann Sanders Harry N. Barr Wed

Miss Carol Ann Sanders, daughter of Mr. and Mrs. Alva E. Sanders of Cameron became the bride of Harry Neil Barr, son of Mr. and Mrs. H. E. Barr of Kilgore, Saturday evening at the First Methodist Church.

Rev. E. J. Davis Jr. officiated at the double ring ceremony before an alter of Comodor palms and baskets of spider mums, with two spiral candelabra accenting the arrangement.

Mrs. Hilliard Thomas provided the nupital organ music and accompanied Mrs. Calvin Spilman of Pasadena who sang "Ah Sweet Mystery of Life" and "The Lord's Prayer".

Chantilly Lace Gown

Given in marriage by her father, the bride wore a gown of Chantilly lace over tulle and satin, with a high scalloped neckline and long sleeves tapered over the wrists with tiny satin buttons forming the closures. From the tapered bodice the voluminous skirt cascaded into a cathedral train formed by narrow tulle ruffling.

Her fingertip veil of illusion fell from a crown of pearls and sequins She carried a bouquet of white Philonopsis orchids. The bride wore a cross of gold set with pearls, a gift of her grandmother to her mother and worn by her mother when she was married. She also wore the groom's gift, a ring set with a single pearl.

Attendants in Blue

Miss Patsy Jane Sanders, cousin of the bride from San Antonio, was Maid of Honor. Bridesmaids were Misses Rita Reid and Nita Archer of Cameron and Miss Jayne Barr, sister of the groom from Kilgore. They wore identical dresses of Carribean blue nylon chiffon with matching hats and carried white spider mum bouquets.

Ronnie Thrash of Kilgore served as best man. Groomsmen were Franchot Doramus and Mike Murphy of Kilgore and Eddie Paynter of Abilene. Candle lighters were Grover McCullin of Cameron and Benny Schegel of Olney, with Jeff Burkes of Cameron and Charles Perkins of Arlington serving as ushers.

Reception at Parish Hall

A reception was held in the Episcopal Parish Hall immediately following the service. The Bride's table was covered with an Italian cut work cloth over blue and centered with the Bride's bouquet. Mrs. Marvin Sanders, aunt of the bride served the double wedding ring cake topped with white frosted bells. Punch was served by Mrs. Frank Richard and Mrs. Carroll Green. Mrs. P. J. Hendee Jr. presided at the guest register.

Others assisting in the houseparty were Mrs. Frank Reid, Mrs. W. A. Bonds, Mrs. E. J. Burkes, Mrs. Norwin Hughes Misses Ann Knipp, Barbara Gurecky, Janette Pearson and Helen Reid. Mrs. Loiis Moore of Stephenville and Mrs. Fred Strickland of Kilgore, aunts of the the groom also assisted.

The brides mother chose a sheer wool sheath dress of sapphire blue with matching accessories and wore a corsage of philanopsis orchids. The grooms mother wore a pink lace suit with matching accessories and wore a corsage of Philanopsis orchids.

For the wedding trip the bride wore a navy suit with matching accessories and a corsage taken from her bridal bouquet of orchids.

The bride is a graduate of Yoe High School and will be a sophomore at Texas Woman's University in Denton this fall. She is a member of Kappa Epsilon Mu. The groom is a graduate of Kilgore Junior College and will attend North Texas State College in Denton this fall.

Out of town guests included Benny Moore of Stephenville, Mr. and Mrs.Wells Smith, Temple, Marium Sanders of San Antonio, Mr. and Mrs. J. M. Sanders of Grosebeck and Mr. and Mrs. E. C. Cole of Austin.

TELEPHONE TALK

by C. L. Carson, Manager

THE LIFE YOU SAVE IS NEEDED AT HOME

Now that the long Labor Day Holiday week-end is over and the Cameron schools have started — and all the publicity concerning safe driving — people might tend to be less conscious of driving safely. We try to overcome this with our people by making "safe driving" an everyday subject all year. And it pays off, too, for we have a safe driving record of which we are very proud.

May I urge every driver of motor vehicles to observe traffic laws and safe driving rules, particularly in school zones. Make Cameron streets safe for our children.

It all boils down to one word, "Courtesy". Be courteous to each other on the road as you are to each other in church - and there will be many less accidents. Think it over.

PRESCRIPTION FOR PLEASURE

The telephone by your side can be pretty good medicine - all by itself.

It's one of the best cures for loneliness. I'm thinking, especially, of those long distance calls to talk to loved ones and old friends away from home.

And how about those easy-going conversations women enjoy during the day? When you're tired of looking at the ironing board, or when the mop starts to get a little heavy, a short "telephone break" - just a few minutes chat with a friend or neighbor - really brings you back smiling.

Your telephone is more than just a convenience. There's plenty of pleasure and relaxation built into it, too. So use it as often as the mood strikes you. That's what it's there for.

UP-TO-DATE IDEA ABOUT TELEPHONES

Where is the telephone in your home? Is it where you can always reach it easily when it rings - or when you want to make a call?

Or is it in a central hall or in the middle of the house - not really close to any place where members of your family are when they want to use it?

Families with modern telephone service like to have phones in color in the kitchen, living room, and bedrooms.

With your home equipped with handy extension telephones, you can "reach" rather than "run" for the phone.

Why not order more telephones for your home today? You'll find the cost of extensions will add very little to what you now pay, but will add a great deal to your comfort and convenience.

Call by number. It's twice as fast.

GRIDIRON RIVALRY RENEWED -

The undefeated Yoemen of Cameron will collide with cross-county Rockdale, 20-14 winners over Giddings Friday night, in a renewal of a rock-ribbed football rivalry.

Both elevens will be testing Milam County's grid prowess that crosses into two Central Texas high school conferences. Last year the Yoemen rocked the Tigers to defeat 38-13. Can they do it again this season?

Join the legends of Cameron boosters going to Rockdale tomorrow night to find out. The game promises real spectator thrills in another pitched Yoeman-Tiger clash.

CAMERON BOUND — Milam County farmers are among Texas tractor buyers now receiving Ford diesel tractors on sale at Stedman Ford Tractor Co. Shown above are two Ford company executives inspecting a special train load of 255 diesel tractors shipped to Texas last week. Stedman Tractor has some of these diesels on hand and invite you to stop by and see how you can save up to $800 over other comparable tractors.

Stedman Tractor Now Showing Diesel

You get power you can depend on with Ford Powermaster tractors available at Stedman Tractor Co., Cameron, according to H. H. Stedman, agency owner.

Stedman points out that his tractor agency features sales and service on all Ford tractors and field equipment and new Holland balers, rakes and mowers.

His company also handles the famous Maytag gas range, washers dryers and conventional washers for its efficient operation, Stedman says, is Toro Lawnmowers.

Smith Manages Agency

Hugh Smith has managed Stedman Tractor since it was opened. The agency was moved to its present location, First and North Central, a short time after it was established in Cameron after World War II.

"Stedman Tractor also has excellent service personnel in Leroy Barkemeyer, our service manager and Herman Reineke, tractor mechanic. Barkemeyer has 10 years of experience while Reineke has about seven," Stedman says.

Easy Access

"Our drive-in entrance on First Street gives our customers easy access to the garage and service department," he continues.

"We ask that Milam County farmers consider Stedman Tractor their farm equipment headquarters and Ford the tractor and field equipment they can depend on," Stedman concludes.

Milam Grain To Complete 2nd Year This Fall

Milam Grain Co. will complete its second year in the maize storage and grain business this fall.

Manager C. O. Angell says that Milam Grain Co. has been operating on an increased unloading capacity of 275,000 pounds an hour.

The increased size is possible through enlargement of unloading facilities used last summer from 75 000 pound-per-hour capacity to 150,000 pounds per hour, he points out.

"And we have decided a new unloading facility that will handle 200,000 pounds of maize an hour by itself," Angell notes

375,000 Pounds An Hour

Combined unloading facilities of the Milam Grain Co. then are able to handle 375,000 pounds an hour compared to 75,000 pounds an hour in 1957.

Additional storage space also is available after expansion work in the storage buildings to hold 200 cars of maize, about 80 cars beyond last year's capacity, he emphasizes.

Officers of Milam Grain Co. are Perry Holder, president; Angell, vice-president; Robert M. Clark, secretary-treasurer; and H. L. Yager, member of the board of directors along with the other officers.

Office staff at Milam Grain Co. includes Mrs. Albert Glaser and Mrs. Dean White.

The Milam Grain Co. buildings were once the old Batte Oil Mill which was re-opened in 1957.

Robinson Texaco Offers Drivers Complete, One-Stop Car Service

Since going into the service station business in 1930, W. A. L. Robinson has offered a complete auto service that rates his company's motto, "everything for the car."

And that is what Robinson offers today for motorists who are served by his competent staff of four at his Texaco Service Station, 115 N. Fannin, Cameron.

A dealer in many name-brand auto accessories and equipment, Robinson prides himself in offering the public, personalized pick-up and delivery service as an added feature of his well-known road service.

Sells Goodrich Tires

Chief among his many name-brand auto services is the sale of B. F. Goodrich tires and batteries for every make of car, tractor truck. He points out he stocks a complete line of vehicle tires and tubes for anything from a wheelbarrow to road machinery.

"Our name-brand sales include Dupont plastic car accessories, Fram filters, AC ignition products and a host of other popular brand auto items," Robinson says.

"And our auto road service is complete, including lube, wash, battery charging, wheel packing and all other extras to make our road service second to none," he emphasizes.

A veteran group of service station personnel headed by Station Manager Monroe Corbin provides the motorist satisfaction plus in care of his automobile. They have a total of 21 years service with Robinson.

Besides Manager Corbin there are Billy Scarborough with two years experience, Douglas Moore with 12 years and Leonard Winn with one year. Corbin has been at Robinson's for 10 years.

Robinson opened his first Texaco service station in 1930 and moved to his present location at 111 N. Fannin in 1935. He has sold Texas Company products and Goodrich tires and batteries since firs tgoing into business.

28 Years Experience

"We feel that 28 years in the service station business gives us the experience to know what motorists want and need in auto care and maintenance," Robinson says.

"We seek the opportunity to prove our ability to do the best possible job on a customer's car the year-round with the same interest we would give our own personal vehicles."

Robinson's facilities include a complete wash and lubrication working area and equipment. Also he has the full line of Texaco products from regular to Sky Chief gasoline.

"We invite you to try our personal, efficient service next time your car needs servicing. We will do the job quickly and at your convenience. Call 675, W. A. L. Robinson Texaco for 'everything' for the car.' "

Cleaning Method For Rural Water Supply

By J. D. Moore
County Agent

In parts of Milam County water for the rural home must be taken from ponds or tanks. Such waters are usually cloudy and colored, and since they are exposed to sunlight, algae are probably present. These conditions may produce objectionable tastes and odors. Such waters should be filtered and disinfected before they are used by humans. It may, however, be desirable to clear the pond at times. This would lengthen the filter runs or the time between cleaning the sand. It would also produce cleaner water at less cost for such uses as stock watering and cleaning equipment. This can be done at moderate cost with little effort by using certain chemicals.

Algae Present

If the water is cloudy and green, algae are most likely to be the cause of the trouble. The best chemical for eliminating algae is copper sulphate or bluestone which can be purchased at seed and feed stores in coarse lumps at nominal cost.

In order to be effective, a large enough dose to kill the algae is essential. Copper salts are mildly poisonous and an overdose should be avoided. Strictly speaking, the dose should be adjusted to the particular kind of algae present. Since the rural home owner has no facilities for making tests to determine the kind of algae present, an average dose of 0.3 parts per million is recommended. This amount is equivalent to 0.3 ounces per 1000 cubic feet of water. Smaller doses may be used as a preventive and such prevention is to be preferred. Larger doses will likely kill fish.

Measuring Area

The amount of copper sulphate needed may be based upon a treatment of the top six feet. The following will illustrate the method of determining the quantity: Area of lake equals 1.5 acres or 65,340 sq ft. Average depth equals 7 ft (use 6 feet unless average depth is less.) Ounces of Copper Sulphate equals 0.3 times 65, divided by 1000 equals 117.6 oz or 7.4 pounds.

The proper amount of copper sulphate is weighed into a sack. The sack is dragged through the water in parallel paths until the copper sulphate has dissolved. Although apparent results should be noticed within a day, the clearing is not permanent and treatment must be repeated, especially during bright sunny weather. Uniform distribution is essential to effective treatment.

Some tank waters are cloudy because finely divided clay or silt from the soil is suspended in the water. To clear such cloudy ponds, distribution of agricultural gypsum has been recommended at a dosage of 12 pounds per 1000 cubic feet or 190 lbs. per million lbs of water. Uniform distribution is essential for successful clearing of the water.

Water Bulletin

A new bulletin, B-140 GOOD WATER FOR RURAL HOMES, has been published by the Engineering Experiement Station at College Station. This discusses in detail such subjects as iron removal, clarification of surface waters, hardness, disinfection, etc. This bulletin is priced at $1.00 per copy and may be ordered from Mr. Louis J. Horn, Supervisor of Publications, Engineering Experiment station, College Station, Texas.

Health Unit Reports Immunizations Given To County Children

A number of smallpox vaccinations and diptheria immunizations were given during the month at the Cameron, Rockdale, and Thorndale County Health Clinics to children entering school. Polio immunizations continued with 50 first shots 48 second shots given, and 24 third shots given.

Other communicable diseases reported during August were 67 cases of streptococcal infection, 6 cases of measles, 5 cases of tuberculosis, of salmonellosis and brucellosis, according to Dr. T. E. Crump, acting Director.

Three of the tuberculosis cases are active cases found during the TB X-ray Survey. One is a Latin American woman reported by a private physician. She is awaiting admission to a tuberculosis hospital. The other is a 12 year old child who is under the care of a private physician at her home.

One male patient returned from the tuberculosis hospital this month without medical advice.

Dr. Crump added that regular routine inspections of food and other establishments have been made during the month of August and a number of private premises were inspected.

School cafeterias were also checked for the presence of roaches and rodents prior to the beginning of the new school term.

—PM—

Mr. John Ryan has returned from a trip with the George T. Moores of Houston to points of interest in several western states. While in Los Angeles, they visited Mr. Moore's cousins, the family of the late Monta J. Moore formerly of Cameron. On the return trip they met Mr. Moore's sister and her husband, Mr. and Mrs. P. D. Laughters of Beeville, Texas.

Henderson Thompson spent the Labor Day holidays with Mr. and Mrs. Lloyd Mitchell in Houston.

Josey Leads Yoeman Win Over West Trojans 15-6

TD Sprints By Josey, Fikes Dazzle Crowd At Trojan Field

The Yoemen Frisay night turned Central Texas eyes on Cameron as John Wayne Josey-inspired crew dropped the muscular West Trojans 15-6.

A crowd of about 1,800 fans watched the season opener at West.

In a game that often found both squads playing pigskin hide and seek, Josey found running room for a 46-yard touchdown sprint in the first qaurter, then booted the extra point that proved the winning margin.

But sophomore scatback Caroll Fikes, a 135-pound reserve halfback, insured Josey's points with a 28-yard TD sweep of right end late in the fourth quarter. A pass from QB Jesse Kirk to end George Zarosky added an extra 2 points.

It was a game of passing versus ground power as eight Yoemen backs plied the beefy Trojan forward wall for 208 yards rushing.

Passing Qaurterback

West's QB Billy Schroeder was about the only Trojan offensive weapon. He lofted a 33-yard pass to Weldon Willig in the first quarter to start West s 59 yard drive for their lone score.

Schroeder and sub QB Darrell Donohue fired 21 aerials, but completed only 6 for 74 yards. Cameron failed to complete any passes from regular scrimmage.

The rest of the night the Cameron line crashed West runners to the ground, holding Trojan backs to 80 yards rushing.

The Yoemen started their first-quarter drive at the Cameron 45, Terry hitting for 5, then Josey for 2. On the next play Josey hit over left tackle, found a gaping hole and ran 46 yards untouched for the score. His kick was good after a running play for 2 extra points was nullified by a penalty. Cameroon 7, West 0.

Following the next Cameron kick off, West set up their lone TD with the Schroeder-Willig aerial to the Cameron 27.

Trojan backs Wesley Bankston and Pat Barton alternated to a first down on the Cameron 4 where Roman Kapszynski dove for the score from the 1. Schroeder's dive for the extra 2 points was stopped by the center of the YHS forward wall. Cameron 7, West 6.

Passes Fill Air

Second and third quarter play found both teams plying the airways for the scoring edge. Kirk touched off a drive to the West 15 with a 25-yard keeper run, but the drive stalled shortly before the half.

Third quarter play saw West's Weldon Willig churn the turf for most of his 70 yards rushing. Both squads fumbled heavily, the ball changing hands about 10 times during the third and early fourth quarter.

But Cameron put together the final scoring punch with about 3 minutes remaining on the clock. Cameron took possession after Archie Mraz pulled in a Schroeder aerial at midfield.

Yoemen backs alternated for 6 yards before Fikes zipped right and outsprinted the West secondary across the goal. He was tripped into the end zone by the last Trojan defender.

Hollas Injured

Reserve QB Charles Hollas suffered a dislocated shoulder in the first half but was working out this week without pads. Coach Jim Speer said he will probably make the Rockdale game trip.

Fikes gained about 50 yards to follow Josey's 108 yards from scrimmage. Willig was the leading West back with 70 yards rushing.

Speer's forward wall of Zarosky, Johnny and Raymond Tepera, Joe Humplik, Griffin Barrett and James Fontaine moved the heavier Trojan linemen well. Yoemen rushed passers and forced Schroeder to overthrow his receivers.

Among the backs alternating in the Cameron ground game were Ed Lierman, Bernay Dusek, Allen Dodson and Hollas.

Yoeman Post Lone Win Friday As 18 - AA Teams Lose 4 Of 5

By Robert Mann

The Cameron Yoemen were the only victorious team in 18-AA play Friday night as Belton, Rosebud, Rogers and Hearne absorbed first-game defeats.

The first upset in Central Texas AA circles was Lampasas' defeat of Belton, 14-6. Experts had predicted a win for the Belton tigers, loaded with talent from 1957's fine squad.

In other non-conference tilts Friday, Marlin administered a 50-0 trouncing to hapless Rosebud. The Marlin squad is rated one of Central Texas' finest and is expected to stride far into the AA post-season playoffs.

Two Teams Blanked

Caldwell held Hearne scoreless in a 12-0 victory while Holland blanked Rogers in an 18-0 win.

The Lampasas club is never an easy quad to beat. The breaks seemed to go to Belton Friday night but the Tigers gained only 66 net yards, 65 of them by Ken Owens.

Grid prognosticators are already piping up the 18-AA dream game with Belton invading Cameron lator this season.

Belton's line is big like the West forward wall. But Cameron backs slashed for 208 yards rushing, though the Yoe ground attack is not vaunted so highly this season.

Fans are talking down early season high hopes, but interest in the game will probably pack them in Yoe Field October 17.

In the Rosebud contest Friday, Marlin emptied the bench in the 50-0 shellacking. Marlin used 22 players in an effort to hold down the score, but still it hit the 50 mark.

Rainy Weather

A rain-drenched field did not make football an easy game Friday as the Rogers Eagles failed to score against Class B team Holland. The final score was Holland 18, Rogers 0.

Cameron's November 14 opponent, Hearne, took it on the chin from Caldwell 12-0. Cameron plays its last conference game against Hearne.

All told, the four other teams in 18-AA could only score 6 points as their opponents racked up a resounding 94.

Line Up- In Question For Cameron C Team

The Cameron C-team under the direction of Coach Billy Joe Michalka started workouts last Thursday morning and is expected to give a good showing. Coach Michalka hasn't named the starting lineup yet.

Allen Boyer, a 115 lb. quarterback is expected to be the big man on the team. Last year he saw more action than any 7th grader on defense. Creig Wallace, 127 pound seventh grader, is a year younger than Boyer but has been looking good at the quarterback position and will give Boyer competition according to Michalka. Wayne Moraw will also see action at quarterback on the 7-8 grade squad.

At right halfback are Tom Moody, James Ray Fikes, Maurice Morgan, and Dennis Jones. Moody is one of the fastest boys on the team. Left half will be handled by Sammy Morgan and Earl McGoldrick with assistance from seventh graders Carol Kennon and Joe Bob Bailey. The boy at fullback who will more than likely see the most action in Amos Doskiciel, the fastest boy on the team. Ronald McWilliams at 125 pounds also shows promise.

John A. Smith will probably be the defensive ballplayer at full back.

The heaviest man in the line is 7th grader Mike Koronek, 163 lbs. tackle while Bob Dymkie tips the scales at 150 lbs.

At the end positions it'll be a toss up between Wayne Puckett (135) and Merlin Lester (120) or Larry Biscup at left end. James Parker (147) and Jimmy Dudik or Larry Wright will be at right end.

Going out for left tackle are Eugene Taylor (125) Louis Abel (133) and Koronek. At right tackle are Dumkie, Vogelsang and Hillman (131). At guard, left side of center, is Bobby Jones (121, Don Abel (131), and James Love. Denson Ingrim. Mikula and Dohnalik will be right guards.

Bob Nelson (135) is the leading center candidate along with Marvin McQueen (120).

Buckholts Defeats Turnersville 34-8 With 6 Man Team

Buckholts was off to an early start Friday night as the 6-man team stepped on Turnersville's toes for a 34 to 8 win.

Lamar Gresak was the big Buckholts boy and got started in the first quarter when he received a pass from Carroll Glaser good for 34 yards. Again in the first quarter Gresak passed to Nathan Fritz for 24 yards. The conversion try failed.

The third Buckholts scores came late in the first period when Clarence McNeil returned a punt for 42 yards. Gresak again ran 38 yards in the second quarter for the fourth score and ran the extra point.

Buckholts was held scoreless in the 3rd quarter by the Buffaloes but Bobby Malovets broke loose for 20 yards in the final quarter for a score and Gresak ran the extra point.

Turnersvilles only score was made on the last play of the game on a one yard by Jerry Sadler who also ran the try for the conversion.

SW Conference Sports . . . Tom Murray's Column

LOOKING BACK over 16 years of sports writing, a fellow sometimes likes to recall the superlatives.

What was the most electrically thrilling play you ever saw in football?

Some of the best running backs have been lamped.....Ollie Matson, Bert Coan, Gleen Lippman, Gordon Speer, Jim Swink, Doak Walker, George Walmsley, Gene Shannon, Dicky Moegle, Linny Moore, L. G. Dupre, Frankie Sinkwich, Charlie Trippi, Bob Smith, John Crow, et al.

But the author of the most thrilling football maneuver your agent ever personally viewed was Charley Royalty, the diminutive Texas Aggie halfback of the Farmers' dark-ages during the late Forties.

In the fall of 1946, Freeport and El Campo, two of Texas' leading class A teams, battled at El Campo, with 45 seconds to go El Campo, with Lippman in good fettle, led 18-15.

Lippman, one of South Texas' legendary schoolboy ball-carriers, had booted Freeport into a hole, Herbert Hopper's Exporters owning the ball at their own 14.

"Give me the ball and block," Royalty confidently reported to the huddle, "and we'll go for a touchdown." Nobody doubted his word, for the loose-jointed little stepper could fly.

Matt Arrington, the Freeport man-under, agreed, calling No. 23, a play designed for Left-Half Royalty to split left-guard, cut to the right and cut to the sideline.

Durwood Turk, Exporter right-guard took out El Campo Center Howard Clapp, Center Henderson Murray blocked the line-backer as Royalty slithered past. Hitting the right side-line Royalty set sail as the Freeport right-tackle draped Lippman, the only time he had managed to block him all night.

Royalty outraced halfback Flournoy 84 yards for the winning touchdown. That play ended El Campo's 32 game winning streak and represented Freeport s initial win over the Ricebirds.

The choice is personal and prejudiced. You see, that Exporter right tackle was Tom Murray.

ROYALTY, who returned a kick-off 93 yards against Villanova and one 65 on the vaunted Oklahoma Big Red, is a Dow Chemical engineer at Freeport. Turk is also a Dow employee and Henderson Murray is head football coach at Fannett. The other Freeport halfback that night, Gene Shannon, later University of Houston's first bonafide All-America, is head tutor at New London.....Connie Maguirk, the Aggie fullback, is one of Citizens National Bank's Baytown vice-presidents.....Rice is solidated's Danny Orsak, a well-built halfback who starred at Victoria Junior College.....Jon Schnable, the All-America JC quarterback from Arlington Sate chose Rice when Texas failed to come up with an offer. "I'd sure like the chance to play for Texas," he said shortly after piloting the Rebs to a second consecutive Junior Rose Bowl title. "All they' d have to do is ask me," he chuckled.....Art Casper, sharp young Houston Press sports writer, freely predicts Darrel Tully will soon control Texas High School football, rolling in one state championship after another, ala Chuck Moser at Abilene. Casper, who does not come from Texas nor frequent the schoolboy beat, may not know what he is talking about. Yes, Tully, is a great coach and it is true Spring Branch is and will be a state power. But look around Mr. Casper. This is the Gulf Coast, not West Texas. There could be a faint resistance from Pasadena, Port Arthur, Galena Peak, Baytown and the like. Abilene rarely encounters resistance short of the playoff.....Like Nautilus, Lockhart Publisher Louis Mohle, Jr., made a recent jaunt to North Pole. But the Texan was only vacationing in North Pole, Colorado..... Brazosport Assistant June Davis, the former UT ALL-SWC linebacker, spent the summer working on his masters.....Lockhart and San Marcos, bitter football foes, meet at San Marcos Sept. 26..... Leo Daniels, the Rosenberg-Richmond insurance man, used Military training collected at Texas A&M to gain his present rank as a major in the active Army reserves. He did 17 moths in the Korean front-line.....As usual Tulane has a Texas flavor, no little part being Co-captain James Blount, 185-pound guard out of Port Neches.....Rice may eventually grasp Bobby Elliott, 160-pound Cameron quarterback who gained 612 yards, completed 23 of 58 passes for 358 yards and scored four touchdowns last fall. He's headed for Del Mar College, a well-known farm team for the Owls, tended by Nick Lanza the old Rice End.

Advice For Trips Downstream

By Vern Sanford

No real fisherman ever has crossed a stream without thinging of what a float-trip down it might produce. Recently eight Austin men decided they'd try it down the Colorado River from Austin.

Six made it all right. The other two hit a rapid and swamped their boat. They lost several hundred dollars worth of valuable fishing equipment and ruined a camera.

Their capsize was due to two things. In the first place, they had improper equipment. They used a 12-foot home-made plywood boat. In addition, the friver was not experienced in the use of an outboard motor, or familiar with river traffic.

They were pulled out of the river soaking wet. Finally they recovered the boat, a rod case, one rod and reel and a camera case. Both men were badly scared. They admitted they would like to try another river trip— but under different circumstances.

River trips are an interesting challenge. There are certain seasons of the year, however, when they are safer. Mainly, they should not be made when there is a heavy let-down in the river, for either irrigation or power use. The day they made this trip there was considerable water pouring out of Lake Austin. It was a hot day and LCRA was generating a lot of juice for air conditioners. The water was swift, entirely too swift for safety in the rough places.

There is quite a drop in the Colorado, from Austin to the Gulf. This creates numerous rapids down stream. The river has a lot of fish. Individual fishermen from time to time have caught some fine bass while floating down the river. Catfisrerman keep lines out most of the time and get some real beauties.

Also there are many rough fish. Frequently big gars are encountencountered. Mullet play around the stream from one end to the other.

Numerous gravel pits have been dug along the river bank. Water is kept turbid most of the time because of the gravel that is being washed by the operators. But despite all that, there still is good fishing.

Some good lessons can be had from the experience of these eight men. One pair had a 14-foot river boat. It was made of aluminum, with flotation chambers. It was wide with square ends. They were using a little 3-hp outboard motor and they carried plenty of shear pins.

This is the ideal boat for such work. Their ice chest, containing food and drink, rode in the center of the boat. The two men balanced it from end to end. They carried life cushions, a couple of good paddles and some first aid equipment. They made it with little trouble.

Another of the boats was a deluxe 14-foot aluminum boat, with an 18-horespower motor. It went downstream five miles, but the going got too rough for such a heavy boat and it turned back. It barely made the return to the launching spot because of the shallows.

The third boat also was a 14-foot aluminum, semi-V, but light weight, with a 10 hp motor. It also made the trip in good shape.

Then there was the homemade boat that failed to make it.

These men have a warning for other who might want to attempt a float trip down one of Texas' many streams.

First, they say, the boat must be light, maneuverable and strong. By all means it should be equipped with flotation chambers.

They agreed that a 3-hp motore, with an extra can of fuel and at least a half-dozen shear pins, is best. The motor should be in excellent condtiion. An extra prop is advisable.

For safety-sake the motor should be tied to the boat with a safety chain. Also there should be a good anchor and a long rope in the boat.

Have at least two strong, wooden paddles. A long push pole also would be valuable.

Each man should have a good life preserver and it wouldn't be a bad idea for him to be wearing it at all times.

Take along plenty of food and drink, but leave the alcohol alone. Small cans of tomato juice, or fishermen.

Now is an ideal time for such float trips. Pick a good stream and give it a trial. But by all means, don't take any chances.

CCC Lists Winners In Tourney 1st Round

Four first-round matches have been completed in the Cameron Country Club s annual late summer tournament.

Another early round winner will be decided today when Dr. Clifor Swift and Bob Terry meet this afternoon.

Jerry Rice, club manager, said that the first flight of men will be matched tonight and ready for tourney play Sunday.

In the early round Sunday, Bartow Jackson, Joe Viela, Ed Manning and W. C. Wallace defeated their opponents.

Jacksn handed James Wiggs a 5-4 loss after 18 holes as did Viela over Frank Reed.

Manning dropped Lee Marek 5-4 after 18 holes and Wallace won over John Kilgore, Rosebud, 4-3 after 18.

Cameron Merchants Score High In League, Tournament Competition

The Cameron Merchants entered the American Legion Baseball Tournament in Temple during the Labor Day weekend winning their first two games.

The Merchants defeated Pendleton 9 to 8 with a ninth inning rally scoring 7 runs. Forrest Sapp singled home two runs with one out in the bottom of the ninth. John Marshall went the distance and was the winning pitcher.

In the second game the Merchants defeated the Bell County All Stars with a final score of 16 to 10.

The Championship game found the Merchants battling a tough and experienced Hurrican Fence team from Temple. Starting pitcher for Cameron was B. L. Cook who was replaced by John Marshall in the fifth inning. Final score was 4 to 1 in favor of the Temple team.

The Merchants ended their first year in the Cen-Tex league with a 9 win 4 loss record tieing Pendleton for third place. Temple placed first and Killeen second.

In addition to league third place, tournament second place and a finalist trophy, the Cameron Merchants were awarded the Team Sportsmanship trophy for best sportsmanship throughout the entire tournament.

Managers for the Cameron ball club, John Florida and Richard Wilkinson, announced that trophies won by the team will be displayed in sponsors business establishments. The managers added that local sponsors had helped make the season a success by their cooperaiton in furnishing suits and equipment for the summer baseball team.

Rockdale Tigers Win 20-14 Victory Over Giddings Friday Night

Halfback Paul Jenkins cut around right end for seven yards and a fourth quarter touchdown to break a tie and give the Rockdale Tigers a 20-14 victory over Giddings in Giddings Friday night.

The Scoring for Rockdale was started by Jenkins in the first quarter when he raced 47 yards for a touchdown. Bill Scurlock scored the 2-point option for the Tigers. The game was tied 8 all when quarterback Alvin Hirsch plunged 2 yards in the first quarter and ran the extra point.

At halftime Rockdale was ahead 14-8 on Jimmy Bartlett's run around right end for a touchdown but the try for extra point failed this time. Hirsch put Gidding back in the ball game when he rammed through right tackle for 21 yards The extra point failed.

Billy McBride made a timely block on Jenkin's 47 yard jaunt playing an outstanding game at the end for Rockdale. Hal Stanislaw and Edwin Freeman also were good defensive ball players for the Tigers. Giddings was paced by Ike Goodmand and Billy Placke on defense.

Out Of Town Parties Fete Miss Pearson

A number of recent out of town entertainments have honored Miss Nena Janette Pearson, bride elect of Charles Rufus Ramsay. Miss Pearson, daughter of Mr. and Mrs. Earle Pearson, formerly lived in Alvin and was a student at Southwestern University in Georgetown.

The popular couple will be married September 13 in the First Methodist Church, Alvin.

Tea In Alvin

A tea from 4 to 6 p.m. August 27 honored the bride-elect at the home of Mrs. Eddie Hillyer, Jr. in Alvin.

Forming a receiving line for the more than 100 guests were Mrs. Hillyer, the honoree, and her mother, Mrs. Earle Pearson.

A color scheme of yellow and white was carried out in the receiving rooms and guests were registered by Miss Norma Jean Hillyer at a table decorated with an arrangement of yellow roses and ivy.

Crystal appointments were used on the refreshment table which was covered with a white cloth. The centerpiece of yellow roses and English ivy followed the lines of a white satin wedding ring.

The hostesses presented Miss Pearson with a serving piece in her silver pattern.

Co-hostesses for the tea were Mmes. Alfred Farrell, H. L. McEwen, Lester Burns, Clude Wooster, Herbert Barnes, George Speed, and L. B. Knight.

Kitchen Shower

The evening of the 27th Mrs. Cecil Finger and Mrs. Gerald Still honored Miss Pearson at a kitchen shower at Mrs. Fingers home in Alvin.

Twenty former classmates and friends of the honoree attended. Decorations followed the yellow and white color scheme and refreshments of cokes, cookies and tea sandwiches were served.

Personal Shower

Misses Mary Helen Etter, Mary Alice Neely and Billie Lou Bryson feted Miss Pearson at a personal shower August 21st at the home of Mrs. R. L. Etter, Austin.

Honored guests were Mrs. J. W. Holleran, the prospective grooms mother, and Mrs. Pearson.

Refreshments were served on the patio from a table centered with yellow mums and games of bridge were enjoyed during the evening. The guest list was composed of Miss Pearsons college friends.
